

Good morning

I wanted to let you know how much I listen to Airl radio.

This is a important part of my day. I listen to it in the morning, during work and on the way home.

We (America) needs more positive input on our airways, and airl is just that.

If Airl were replaced by a LPFM broadcaster many, many people in Phoenix would feel the loss.

Airl is in the public interest because:

1. It supports the family
2. Postive input which we all need
3. Non bias news reports (a change from CBS)

Thank you for your time.
